

W&H VIEW

RESIDENCY

More Than A Bed

Experience the Science of Comfort

MORE THAN A ROOM.

A STAY DESIGNED AROUND COMFORT

Premium rooms • Smart sleep technology • Thoughtful facilities

WELCOME TO W&H VIEW

A REFINED STAY. A BETTER WAY TO REST.

More Than A Bed

Experience the Science of Comfort

DESIGNED AROUND YOU

Settle in, switch off and make yourself comfortable. Our rooms combine contemporary interiors with an intelligent adjustable bed system that gives you more ways to relax — from a restful night's sleep to reading, watching TV or simply unwinding.

SMART SLEEP TECHNOLOGY

MORE CONTROL. MORE WAYS TO RELAX.

Dual Massager Mode

Relax and feel refreshed

DUAL MASSAGER MODE

Relax and feel refreshed with targeted massage functionality built into the sleep system.

Smart Wireless

Remote

SMART WIRELESS REMOTE

Adjust your preferred bed position and comfort settings conveniently from the bedside.

NASA developed Zero Gravity Mode

Improve blood circulation and experience relief in pressure points

ZERO GRAVITY MODE

A reclined posture designed to create a weightless-feeling position and comfortable elevation.

TV Mode

Support your back while you watch, read or work

TV MODE

Raise your upper body for watching, reading or working comfortably in bed.

COMFORT, YOUR WAY

ADJUST THE BED TO MATCH THE MOMENT

Foot Recline Mode

Improve blood flow, reduce pressure & inflammation in your legs

FOOT RECLINE MODE

Elevate the lower body for a relaxed lounging position. The adjustable base lets you change your posture without leaving the comfort of your bed.
